10. ALUMINI

Tagore Institute of Engineering and Technology was established in the year 2008 with the vision to empower budding engineers in technical and entrepreneurial training and to contribute to the socio-economic augmentation of the nation. The Alumni Association plays a pivotal role in strengthening links between the institute, department and its alumni. This will strengthen our efforts in placement, project works and Industry-Institution Interaction. They are dynamic professionals, successful entrepreneurs with a great passion in

all their endeavours with ethics and values. Around 2000 alumni are spread across the globe which is a significant milestone. Moreover, it aims to maintain a database of alumni contact details (addresses and numbers). It vows to organize an annual reunion/get-together where ex-students can revive pleasant memories of the time they had spent at TIET. Alumni Association provide good interaction between the former students and the college through periodical meetings, project consultancy, placement activities and guest lectures / seminar thereby making the alumni to be a part of developmental activities, taking place in the college.

Alumni Association aims to facilitate lifelong learning through the exchange of ideas and knowledge. Alumni pool skills and apply available resources to enhance personal and career development for their students. We could also implement a mentor/mentee relationship management tool to help junior Alumni get in touch with experienced Alumni willing to share their expertise and best practices in a given field. The TIET culture has impacted how actively alumni contribute to their communities.

. The association has set up a healthy tradition of identifying a distinguished alumnus and invites him or her for a special function every year where he/she is honored, felicitated and presented with a citation during the farewell function for outgoing students. Alumni Association can make a bridge between the past and present students of the institution and help to strengthen academic activities with the present scenario of employment opportunity and also motivate them to achieve their respective professional career.
